Reason- Activities such as mining and deforestation can cause landslides.

- A. Statement is correct but the reason is not justified.
- B. Statement is incorrect but the reason is justified.
- C. Both the reason and the statement are justified.

D. Neither the statement nor the reason is justified.

12) Statement-Tsunami may cause severe earthquake.

Reason-Underwater earthquake may cause severe tsunami.

A. Statement is correct but the reason is not justified.

B. Statement is incorrect but the reason is justified.

C. Both the reason and the statement are justified.

D. Neither the statement nor the reason is justified.

13) Statement-During an earthquake, we must always use an elevator to come down faster from a multi storey building.

Reason- The power supplies are cut off and we might get stuck in the elevator for long time.

A. Statement is correct but the reason is not justified.

B. Statement is incorrect but the reason is justified.

C. Both the reason and the statement are justified.

D. Neither the statement nor the reason is justified.

14) Statement- An earthquake is a sudden shaking or trembling of the earth's crust which lasts for a very short time.

Reason- Earthquake is caused by a disturbance deep inside the earth's crust.

A. Statement is correct but the reason is not justified.

B. Statement is incorrect but the reason is justified.

C. Both the reason and the statement are justified.

D. Neither the statement nor the reason is justified.

15) Which of the following are the reasons for hot deserts being cold at night?

I. Absence of moisture in the atmosphere.

II. High humidity in desert.

III. Cooling down of sand particles.

IV. Absence of plant.

- A. Both I&IV are correct.
- B. Only I is correct.
- C. Both I & III are correct.
- D. Only II is correct.

16) Statement- Desert is an area where there is extreme high or low temperature and has scarcity of vegetation.

Reason- The people living in deserts have adapted themselves to live in such extreme weather conditions.

- A. Statement is correct but the reason is not justified.
- B. Statement is incorrect but the reason is justified.
- C. Both the reason and the statement are justified.
- D. Neither the statement nor the reason is justified.

17. Statement- Famine causes an epidemic.

Reason- Forced use of contaminated water or decaying food lead to the outbreak of diseases.

- A. Statement is correct but the reason is not justified.
- B. Statement is incorrect but the reason is justified.
- C. Both the reason and the statement are justified.
- D. Neither the statement nor the reason is justified.

18. Statement 1- Active volcanoes are powerful and energetic.

Statement 2- Dormant volcanoes are volcanoes that have not erupted in a long time but still have the potential to explode.

- A. Statement 1 is correct but statement 2 is incorrect.
- B. Statement 2 is correct but statement 1 is incorrect.
- C. Both the statements are correct.
- D. Both the statements are incorrect.

19. Statement 1- A tsunami can be caused by underwater disturbances like earthquakes or landslides.

Statement 2-A tsunami is a small wave that does not cause any harm.

- A. Statement 1 is correct but statement 2 is incorrect.**
- B. Statement 2 is correct but statement 1 is incorrect.**
- C. Both the statements are correct.**
- D. Both the statements are incorrect.**

20. The houses at high altitude have sloping roofs due to the following reason -

- A. Dry weather and low temperature during winter days.**
- B. High probability of storm in winter days.**
- C. Heavy snowfall.**
- D. Scorching heat in summer days.**
