Once upon a time, there lived a very poor girl who has very big dreams but didn't work hard enough to achieve it. One day she had enough milk to sell in the market so she thought if she could sell the milk she should earn enough money and move into the city and start a new job there. So she poured the milk in a large can and carried it on her head to a nearby market. While going to the market she started to dream about how she would earn a lot of money and make all her dreams come true and if someone asked her for money, she would scold them and send them back. Just while thinking so, she jerked her head so fast that the milk can kept on her head fell down and all the milk got spilled on the ground.
