

Read the given passage and find out the conjunctions -

My daily routine

I wake up early and brush my teeth. I usually have a sandwich or fruit for breakfast. Next, I get dressed and pack my school bag on my own. Sometimes, I forget my homework, but my mother helps me remember. I walk to the bus stop with my friends, so that we can ride to school together. At school, I learn new things, play games and have lots of fun with my classmates. I sometimes play after the school. Finally, I have dinner with my family and then it's time for bed. I read a book with my mother before going to bed.
