

Reasoning:

1) Look at this sequence of shapes:

Triangle, Square, Circle, Triangle, Square, Circle, Triangle, ...

What is the 9th shape in this pattern? _____

2) Look at the balancing scales below (imagine them in your head):

Scale A: 1 Apple balances with 2 Plums.

Scale B: 1 Pear balances with 3 Plums.

Which fruit is heavier: the Apple or the Pear?

Ans:-

3) There are three friends: Aman, Bina, and Caleb.

Aman is taller than Bina.

Caleb is shorter than Bina.

Who is the tallest of the three, and who is the shortest?

Ans:-

4) Five animals are standing in a line: Lion, Elephant, Zebra, Monkey, and Giraffe.

The Lion is at the front (1st).

The Monkey is between the Zebra and the Giraffe.

The Zebra is immediately after the Elephant.

What is the position of the Monkey from the front?

Ans:-

5) find the missing number.
