

English class test F. M= 10
Time= 25 mnts

A.Read and answer the questions.

Up in the Sky

The sky at night is beautiful. We can see the moon and the stars in the sky at night. They make the sky beautiful.

The moon is sometimes full and sometimes half. It changes its shape every day. Some stars are big and some are small. A few of them are bright and a few are not.

I wonder, can anyone count all the stars in the sky? What do you think?

Choose the correct option and write :

1. “We can see the moon and the stars in the sky”- Which time is referred here

- a) Morning
- b) Afternoon
- c) Night
- d) Noon

2. If flower makes the garden beautiful then the sky looks beautiful with

- a) galaxy
- b) Sun
- c) milky way
- d) stars

3.Can anyone count all the stars in the sky?

- a) yes, because they are very bright.
- b) no, because they are very dark.
- c) yes, because they are twinkling
- d) no, because there are too many stars.

4. Which of the following is NOT true about the stars?

- a) Some are big.
- b) Some are small.
- c) All are equally bright.
- d) A few are bright.

5.Which pair of words describes the size of the stars?

- a) Tall and short
- b) Big and small
- c) Thick and thin
