

Agriculture ↔ Smart water management

Type of Agriculture - Modern Agri-culture

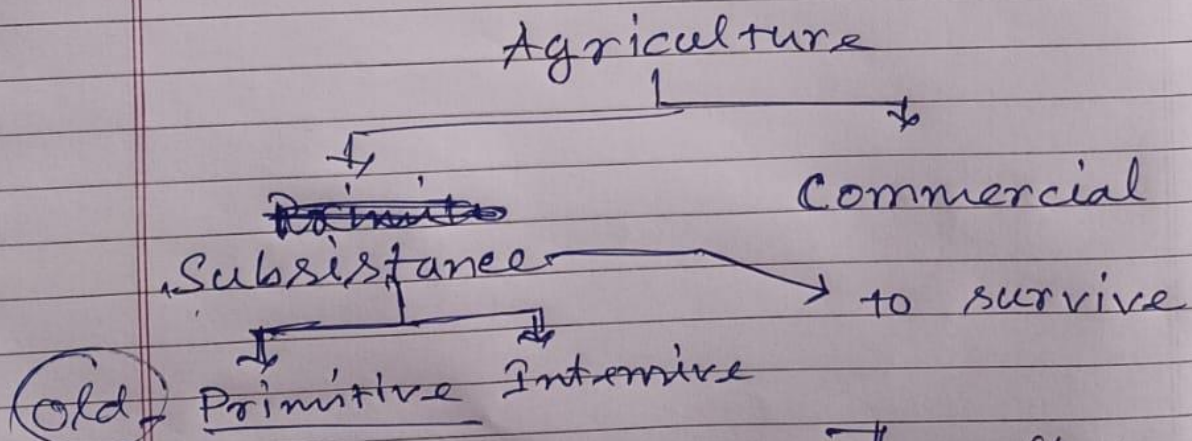

commercial
Intensive substance
Farming / Agri

Character of present Agri.

- High Population
- modern Method

Agriculture → What is this?

- | | |
|---|-------------------|
| <ul style="list-style-type: none">• Climate• Soil• Land | <u>Population</u> |
|---|-------------------|

Less Population - small production
Less land / small Area
Mountains → costly → avoid it
Use primitive tools
Family consumption.
Labourers - family members

Intensive — Intension — Survive
(But)

Here population is very high.
→ Dense population

Small land

[High ~~Production~~
Production]

Need to be feed

How?
