Subject: Complaint regarding Dangerous Potholes on Main Road

Sir,

I am a resident of Green Park Colony and wish to draw your immediate attention to the deplorable condition of the main road passing through our locality. Over the past few months, several large and deep potholes have developed on this stretch due to heavy rains and poor maintenance.

The situation has become a nightmare for the residents. Daily commuters, including office-goers and schoolchildren, face immense difficulty while travelling. Two-wheeler riders often skid and fall, and last week, an elderly woman fractured her arm after tripping into a pothole. During the night, the lack of streetlights makes these potholes invisible, increasing the risk of serious accidents. Additionally, stagnant water in these pits has become a breeding ground for mosquitoes, leading to an expected rise in dengue cases in our area.

I earnestly request you to instruct the concerned department to start repair work immediately. Temporary barricading and warning signs should also be placed until the work is completed. Kindly treat this as a matter of urgency before any loss of life occurs.

Yours faithfully,

Vikram Singh
