

Acknowledgement

I would like to express my sincere gratitude to my Science teacher for giving me the opportunity to complete this Kaushal Bodh Project on “Kitchen Garden”. I would also like to thank my parents and family members for their support and help in completing the activities.

Through this project, I have learned that a kitchen garden not only provides fresh and nutritious vegetables but also develops responsibility, patience, and respect for nature. This project also helped me understand the importance of growing plants, caring for them, and maintaining a healthy environment.
